Introduction.

مسكني الذكي
Maskni Alzaki

Introduction of Maskni Alzaki

Maskni Alzaki is a division of HiTech Steel industries working to provide premium quality UPVC and windows & doors in Saudi Arabia. We are expert in providing modern designs of windows and doors, tailored to meet the new architectural and modern construction trends.

Our commitment to our trusted clients is set on providing durable, reliable, stylish, and unique designs of UPVC and WPC doors and windows. Maskni believes to make homes and offices a place of comfort and safety for our customers.

02.

History.

مسكني الذكي
Maskni Alzaki

Maskni's Brief History

Analysing the new architectural trends leaning towards modern construction styles. Windows and doors play a vital role in refining the structure of a place. Keeping this thought in mind Maskni brought the innovation of UPVC doors and windows offering multiple designs that resonates with the unique taste of Saudi people.

Over the years Maskni has , become synonymous with reliability and quality. Our journey began with a mission to provide cost-effective yet premium-quality products to support the region's rapid urbanization. With years of expertise and dedication, we have successfully established a strong presence in the Saudi market, offering state-of-the-art solutions that exceed expectations.

Maskni's Products

UPVC Windows

Maskni's UPVC windows are high-quality, durable, and long-lasting crafted to provide a true experience of luxury, stylish, and ventilated windows in multiple options suitable for any commercial or residential building. Our major production of UPVC windows comes in sliding, casement, and tilt and turn windows.

Features:

- Sound proofing
- Low maintenance
- Thermal Resistance
- Environment friendly

Maskni's Products

UPVC Doors

Maskni's UPVC doors are crafted to provide a lavish look to compensate with the creative architectural structure. Our UPVC doors provide smart lock installation, sleek designs in attractive colours, and easy installation. These doors are lightweight yet robust, offering excellent performance, and longevity.

Features:

- Durable
- Rigid and light weight
- Rot and water resistant
- Classy designs (Sliding, French, Folding)

Maskni's Products

WPC doors

Maskni's Wood Plastic Composite (WPC) doors are a modern and eco-friendly alternative to traditional wooden doors. They are made from a blend of wood fibres and thermoplastics, offering a unique combination of natural aesthetics and superior performance.

Features:

- Termite-proof
- Water resistant
- Modern designs
- Low-maintenance
